Elementary: HTML5, CSS3, Java, Github, JavaScript

## SUMMARY

In Turkey, I have a successful history in public finance management and quality management. I am a person with high discipline, motivation, hardworking, determined, team player, open to learning and never giving up. My personal vision; after this new career change that I made by moving to the field of IT to sign a very important software project that touches the lives of people around the world in the next 5 years

## WORK EXPERIENCE

- 05/2012 – 06/2016      Quality Management Manager, Quality and Finance Management in an Organization of the Ministry of Interior, Istanbul, Turkey
- I prepared a technical specification according to international standards of many materials used by the public institution consisting of 200.000 thousand people. Scientific laboratory materials, computer and communication materials, electronic materials etc.
- 05/2011 – 06/2012      Budgeting and Finance Manager, Budget and Finance Management in an Organization of the Ministry of Interior, Ankara, Turkey
- During this period, I conducted a financially independent external audit of an important company. As a result of computer-based financial statement analysis, I revealed the unsuccessful management of the company management. I received a success award by the shareholders.

## EDUCATION

- 09/2020 – 12/2020      Powercoders – Coding Academy for Refugees, Zurich, Switzerland
- Foundations in HTML, CSS, JavaScript; specialization tracks upcoming
